

## Master Water Control Valve

Reduce the complexity of installation with our new Master Water Control. Make controlling your water supply and safeguarding against leaks simple and easy!

- No resealing is needed with the easy left/right installation
- A visual indicator lets you know when the filter should be replaced
- Adjustable between 1/2" and 3/4" for ease of installation and fitting into multiple applications (Models MWC075 and MWC075R)
- Reduced footprint with easy shut-off valve
- Integrated tool for filter removal and bypass valve
- For use on new or existing installations
