PRESS RELEASE

CITY OF L. A. AGREEMENT

This is to announce an enhancement of the agreement between the City of Los Angeles and IAPMO R&T.

Effective 5/24/99, the City of Los Angeles has agreed to accept all IAPMO R&T listed products, materials and components (excluding the classified listings). Based upon the aforementioned, the City of Los Angeles (Mechanical Testing Laboratory) will no longer require product approval for any of the IAPMO R&T listees through the City's Mechanical Testing Laboratory or other city entities. Moreover, the City of Los Angeles will no longer require any of IAPMO R&T listees to submit any applications or fees for product approval.

We are very pleased to have reached this agreement with the City of Los Angeles. We look forward to reaching such agreements with other national product approval entities in the future.

Should you have any questions, please contact us at ext. 127, 133, or 135.
